

EUGENE L. BUCHANAN

IT Support Specialist — Ticket, User & Document Lifecycle Support

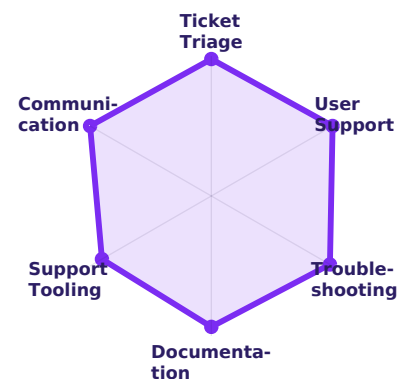

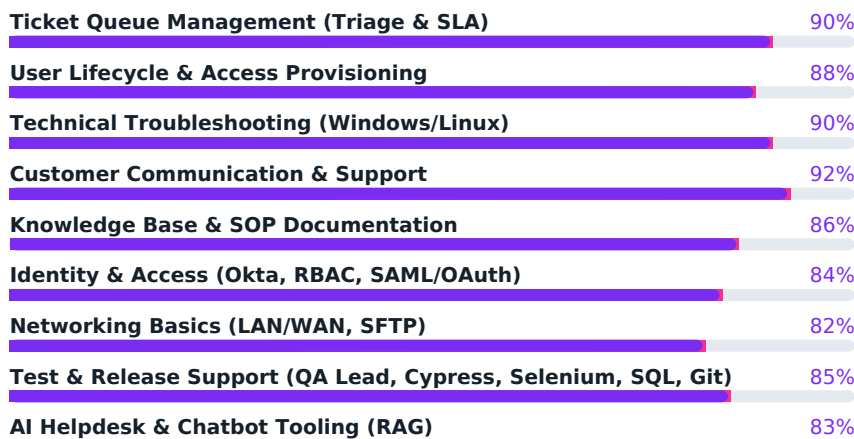

L Apple Valley, CA (Remote) **T** +1 (909) 545 5384 **E** eugene@serviceofothers.org **G** github.com/eugeneb50

Professional Summary

IT support specialist with 25+ years helping users and keeping systems running — from help-desk and campus IT to freelance consulting and SaaS support tooling. I own Ticket Life Cycle Management end to end: intake, triage, resolution, and follow-up — plus user onboarding and offboarding, access provisioning, and the knowledge-base documentation teams actually use. I explain fixes in plain language, escalate cleanly, lead QA, and build AI helpdesk tooling that keep queues short.

Technical Expertise

Technology Stack

Ticket Life Cycle Management Triage Escalation SLA Ownership Jira Confluence Status Updates Follow-up
User Life Cycle Management Access Provisioning Onboarding Offboarding Okta RBAC SAML OAuth Account Merging
Document Life Cycle Management Knowledge Base SOP Technical Writing Records Migration IT Asset Tracking Vendor Notes
Windows Linux LAN/WAN SFTP ERP/CRM Support Regression Testing Health Dashboards Chatbot Support
Prompt Engineering

Key Strengths

- **Ticket lifecycle ownership.** Intake, triage, escalation, resolution, and closure — with status updates users can follow and follow-up that sticks.
- **User lifecycle & access.** Onboarding and offboarding, Okta and RBAC provisioning, and account merging that keeps records clean.
- **Documentation people use.** Knowledge Base articles and SOP guides written in plain language, kept current, and easy to find.
- **Support tooling that helps.** Chatbot assistance, monitoring dashboards, and small automations that deflect tickets and shorten queues.
- **Plain-language communication.** Explain fixes to non-technical users, train new staff, and partner daily with teams across the organization.

Experience

Support Tooling Contributor (Open-Source)

2026 – Present

[ZeroClaw Labs](#) (github.com/zeroclaw-labs/zeroclaw) · [Rust](#)

- Built lifecycle-state ctx monitoring and usage metering for queue visibility and cost logging, terminal state reporting for agentic multiplexer.

Test Automation Lead / QA Lead — AI Helpdesk Support

Dec 2020 – Aug 2025

[Knowledgecity LLC](#) · [Remote](#) · [AWS](#) / [Postgres](#) / [React](#)

- Led QA for LMS integrations (SAP, Oracle, Workday, Coursera, UKG, Zoom, SCORM, LTI, webhooks): hired and trained the automation team; shipped the regression suite with health dashboards and alerting.
- Helped develop the AI helpdesk chatbot (RAG retrieval + guardrails) that deflects repetitive tickets; carried users through auth, data, and error issues to closure.
- White-box tested the CI/CD pipeline (Apache/REST/SQL/AWS/React); drove SOC 2 research and implementation; joined blue-team incident forensics.

Consultant - IT Support

2013 – 2016

[Foremost Senior Care](#) / [Foremost Organization](#) · [Hesperia, CA](#)

- Provided campus IT support: wrote security and backup policies for servers and PCs; upgraded video surveillance with remote access; installed campus-wide wireless.
- Evaluated and migrated accounting and medical-records software for the care campus.
- Built the nonprofit community outreach program; developed and filed federal, state, and city applications; ran a community social program.

Computer Service Technician — Geek Squad

2007

[Best Buy](#) · [Victorville, CA](#)

- Ran the retail service desk: logged tickets, triaged walk-ins, tracked units through check-in/repair/pickup, and gave plain-language updates.
- Set up new PCs, migrated user data, fixed virus/OS/hardware issues — and matched customers to service plans, accessories, and upgrades; handled payments and refunds.

Freelance IT Consultant

2003 – 2011

[AMP Computer](#) · [Apple Valley, CA](#)

- Sold, set up, and supported PCs and servers for small offices; configured ERP/CRM systems and office automation.

IT Manager

2002

[Lucerne Valley Unified School District](#) · [Lucerne Valley, CA](#)

- Supported four campuses: WAN/LAN, servers, desktops, and classroom A/V — first responder for staff and student issues; ran attendance ETL with table locking and certification.

Earlier Roles — SDET & Helpdesk

1996 – 2001

[Microsoft](#) · [RealNetworks](#) · [IBM](#) · [Keene Inc.](#) · [Seattle](#) / [Redmond](#) / [Kirkland, WA](#)

- SDET, RealNetworks Sr. Engineer II (1999–2001): streaming-media QA across Linux/Unix/Windows/Embedded; research team (TFRCP patent); presales in Japan/Korea; new-hire training.
- SDET, Microsoft (1999): Windows Media Server nightly automation; (1997): Win 98/NT OEM setup/driver verification. IBM (1998): high-availability servers, WHQL cluster-failover certification.
- Helpdesk, Keene Inc. Technical Support Agent II (1996): frontline and escalated support ticketing for Windows 95/NT.

Education

Associate Degree, Victor Valley College • California Notary Commission • Toastmasters International

Other Interests

Renewable Energy

Solar, storage, and the grid of the future.

Real Estate

Buy-and-hold multifamily, cash-flow-first.

Permaculture

Food forests, rainwater harvesting, and topsoil.

Tango Dancing

Argentine tango — embrace, pause, musicality.
